Election/Restrictions

This action is in response to Applicant's amendment filed on April 18, 2005.

1. Newly submitted claims 49-61 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons:

The original claims 1-48 were directed to a tree structure that includes a head, tail and body having a set of pointers, classified in class 707, subclass 100.

The new claims 49-61 are directed toward a method for inserting a data structure into a tree structure by updating contents of the head portion of the data structure, classified in class 707, subclass 200.

Since applicant has received an action on the merits for originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 1-48 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR. 1.142(b) and MPEP 821.03.

The amendment filed on April 18, 2005 canceling all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP 821.03). The remaining claims are not readable on the elected invention for the reasons stated above. The amendment has thus not been entered.

Non-Responsive Amendment

2. The reply filed on April 18, 2005 is not fully responsive to the prior Office Action because of the following omission(s) or matter (s); Applicant has failed to address the

rejection made regarding the originally examined claims. See 37 CFR.1.111. Since the above-mentioned amendment appears to be a bona fide attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136 (a) ARE AVAILABLE.
